Tenson®

Tenson – Where Scandinavian Outdoor Heritage Feels at Home

Tenson was founded in 1951 in Varberg, Sweden – on a coastline shaped by wind, sea and rugged nature. What began as a small workshop has grown into a brand that has stood for functional apparel and Scandinavian design for more than seven decades.

Over the years, Tenson products have proven their performance in a wide variety of conditions – from everyday life to demanding expeditions. To this day, every collection combines technical functionality with clean lines, premium materials and timeless design.

With the addition of Tenson, Cotton Classics expands its portfolio with a renowned Swedish outdoor brand, creating new opportunities for customers who value quality, functionality and long-lasting performance.
